

Student Diversity

Carolina Christian College began with the mission to provide quality education in the field of Christian ministry to those who did not have access to such education. The demographic that has benefitted the most from our ministry is the African American community. As a Christian institution, we have an unwavering focus on Biblical truth, Christian ethics, and modeling the love of Christ while helping our students achieve their goals and strive for excellence. In fulfilling our mission, Carolina Christian College gladly welcomes students of all races, ethnicities, and faiths. The College does not discriminate against any race, gender, color, creed, or national origin.
