

Voter Registration

Under the National Voter Registration Act of 1993 Carolina Christian College must make a good faith effort to distribute voter registration opportunities to the student population.

During election years the Student Services Department will make an announcement to the student body that they may register to vote at a community site. Two methods can be utilized by the students. Students may choose to submit their information online via email or to complete a paper copy of the voter registration form, which will be located in the Library. Paper registration forms remain on campus all year located in the Computer Lab.

For further information contact the Dean of Students at (336)7440-0900.
